Streamlining Exam Management for Nigerian Schools

MyExamSpace is a robust computer-based testing (CBT) solution tailored for schools in Nigeria. It enables seamless creation, administration, and grading of exams across various classes and subjects, both online and offline.
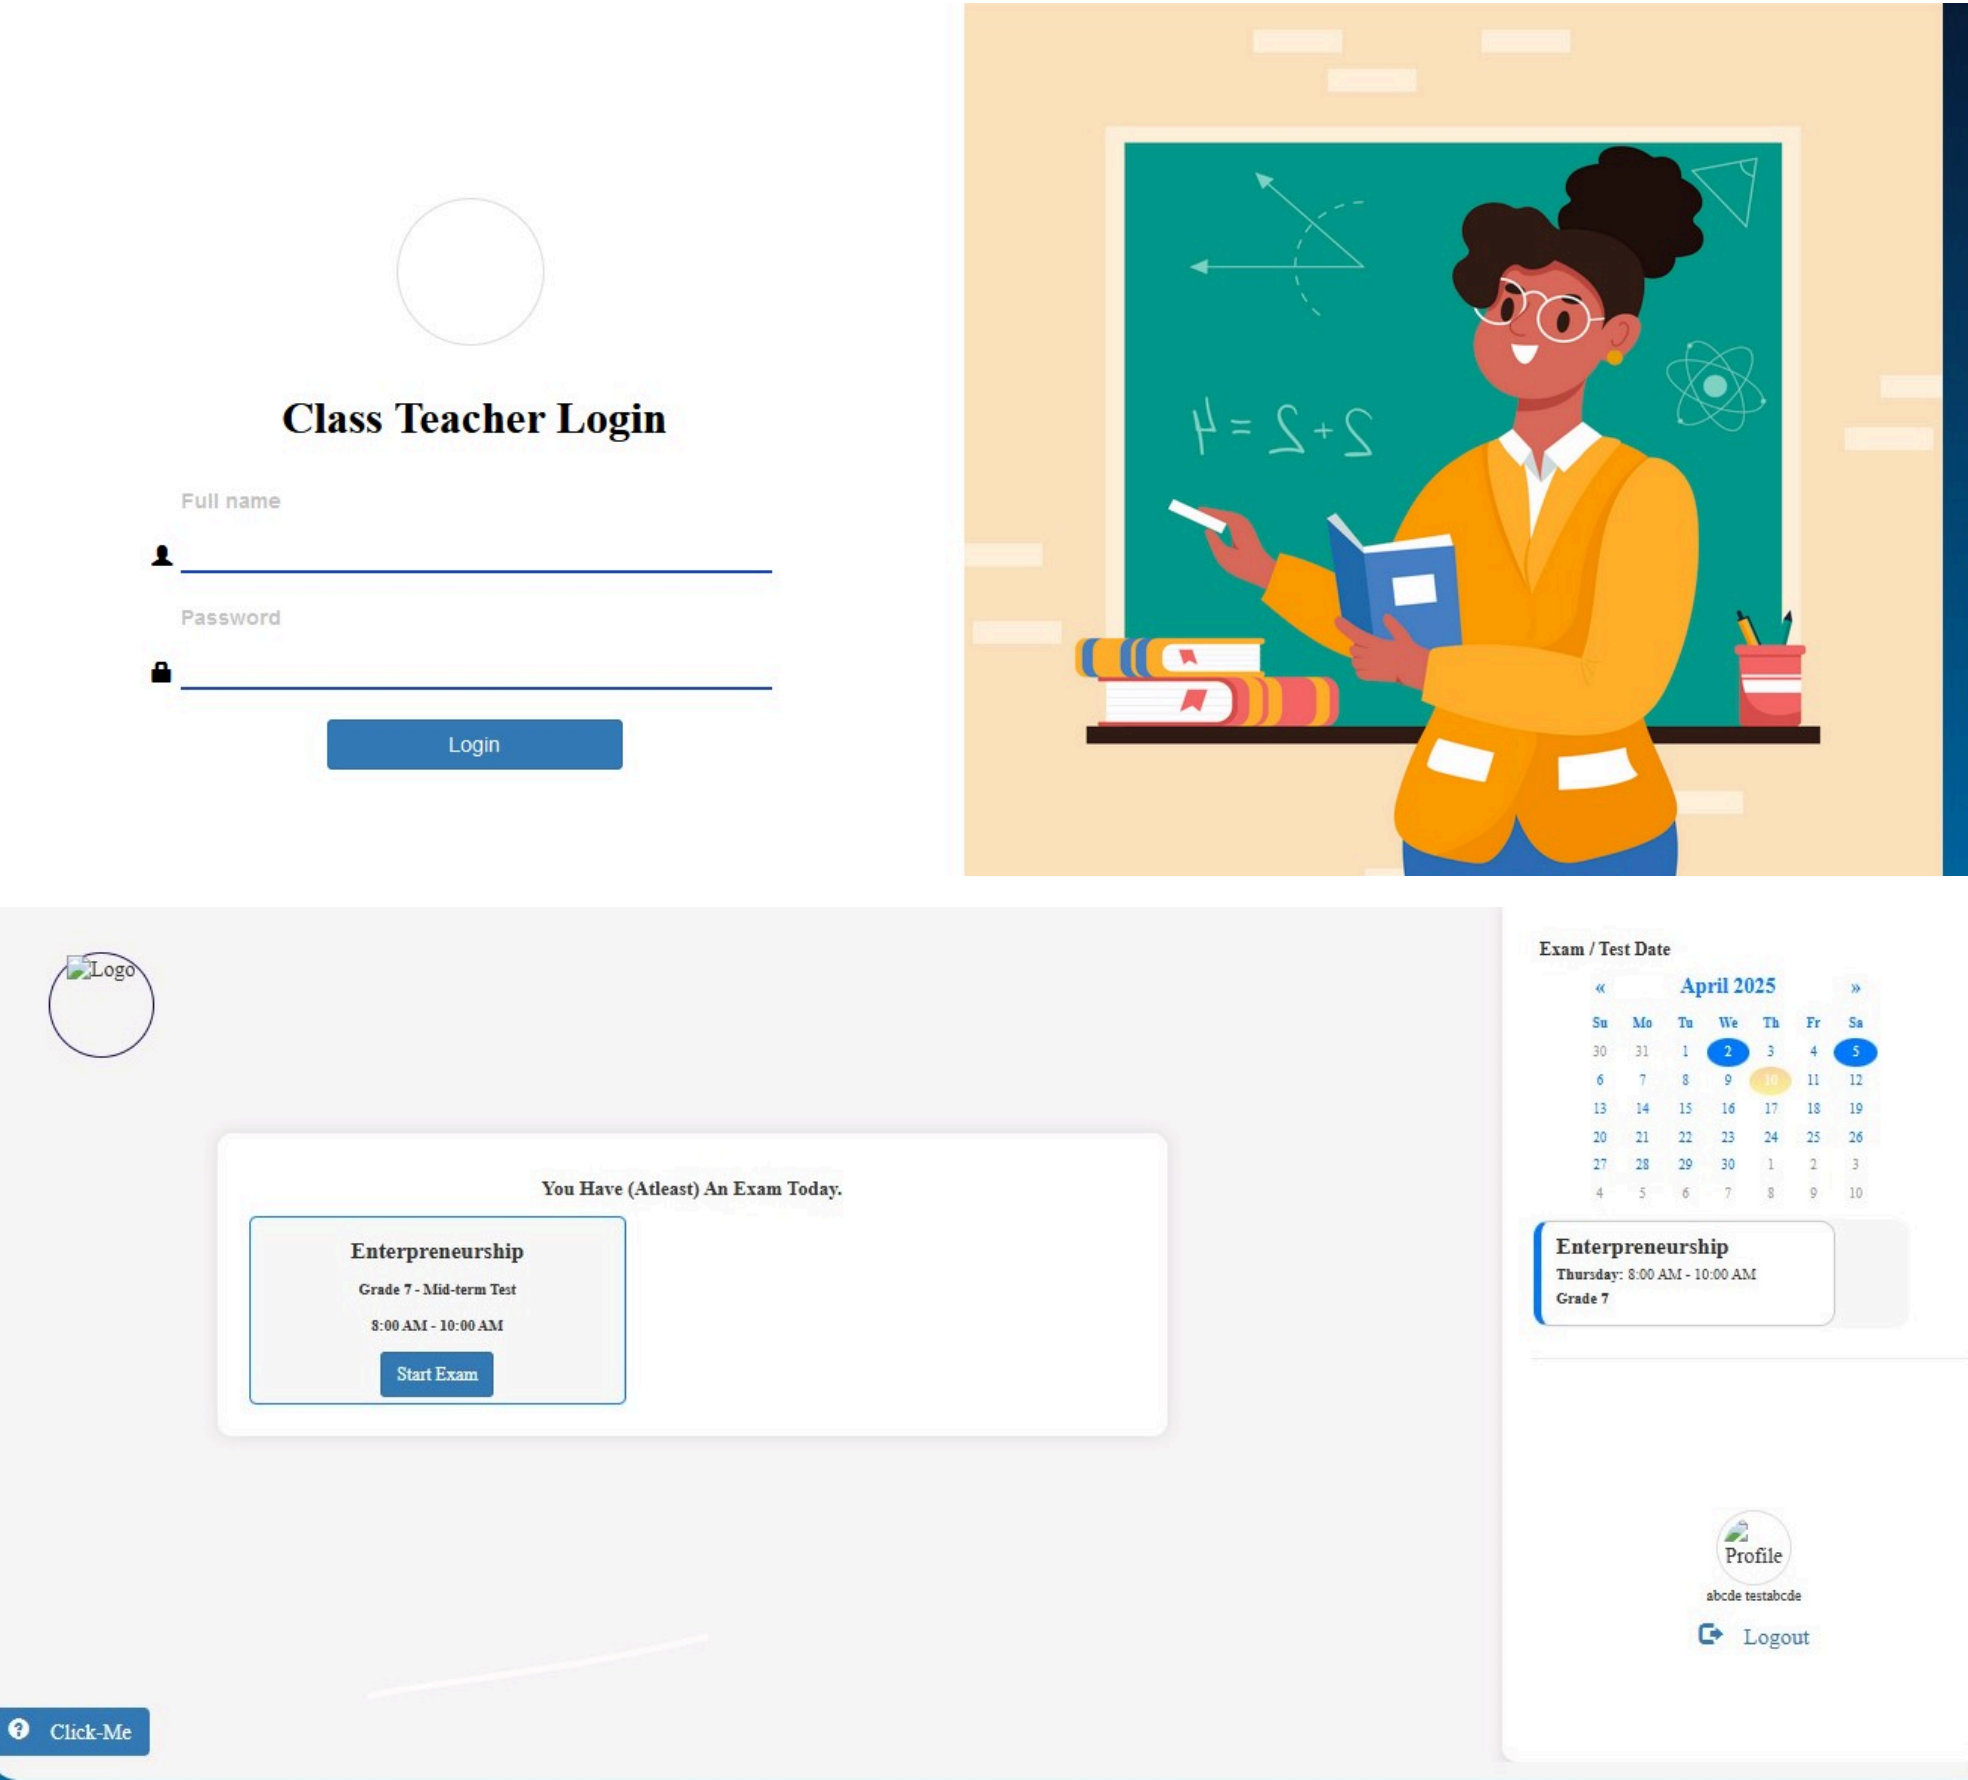

Key Features

- **Question Bank:** Create and manage reusable exam questions.
- **Auto-Grading:** Instantly grades objective questions and provides analytics.
- **Student Profiles:** Assign tests by class or individual student.
- **Secure Login:** Students and teachers log in with unique access codes.
- **Offline Mode:** Works without internet during exams.

Perfect For

- Primary and secondary schools
- Exam coordinators and school admins
- Education startups building school systems
